Narrative Information and Notifications

Please provide a description of the incident.

This came in as an anonymous grievance using the JCJB grievance form. The report states this was happening on 8/18 though the report was filed on 8/17 at 14:50. The complainant wrote - "They have large stores of both personal and fraternity purchased alcohol in their chapter house. Pretty much everyone has some in their room. This has been ongoing."

Upon reading the report, Senior Director Lovell contacted Lane Washington, house director for Phi Kappa Tau. Phi Kappa Tau has a master lease for the property with Ohio State. HD Washington lives in the facility and is a university employee. SD Lovell spoke to HD Washington around 5 pm on 8/17. SD Lovell relayed the nature of the report to HD Washington. HD Washington stated that the HD had not seen any alcohol in the facility at all as HD Washington had been checking men into the house for the past several days (and that not all residents had even arrived yet). SD Lovell asked HD Washington to be vigilant on the property and report any issues that may occur. SD Lovell would follow-up on Monday with Student Conduct and the JCJB as needed.

No additional documentation was submitted with the report. The individual listed "Chapter House" as the location of the issue.

PERSONAL AND CONFIDENTIAL

Regarding Case Number: [REDACTED]

[REDACTED]

Thank you for taking the time to talk to me about the report Student Conduct received regarding allegations of alcohol being present in the chapter house on August 17, 2019. As I stated on the phone, I looked into the report and do not have enough information at this time to conduct a full investigation or issue charges. I appreciate your willingness to collaborate on the identified concern and communicate with the residents of the chapter house regarding policies associated with living in the house.

Please let me know if I can be helpful in the future. Have a great year.

Sincerely,

Krystal Reeb
Associate Director
